

## WAILUKU COURT TERM

MAUI, March 18.—The court of the Second Judicial Circuit, with Hon. A. N. Kepolikal as presiding judge and attorney Ah Heen as acting-attorney general continued in session all the week.

The grand jury, with R. A. Wadsworth as foreman and J. J. Correll as clerk, which has now been in continuous session for eleven days, is expected to render a report today.

The trial jury met on Thursday and has disposed of several cases already. Some of the work of the court is as follows:

On the 10th Lin Kui Fa of Lahaina pleaded guilty to selling spirituous liquors without a license and was fined \$100.

On the same day the Awana liquor case from Makawao was discharged. John da Costa of Makawao pleaded guilty to violating the Wide Tire Act and had his sentence suspended till next term.

On the 11th, S. T. Harry of Wailuku pleaded guilty to riding over a bridge faster than a walk and had sentence suspended until next term.

Nonaku and four other Japanese were found guilty of assault and battery. Nonaku was fined \$25, three others \$6 each, and the remaining one \$1.

On the 15th Dr. T. Uyemura pleaded guilty to violating the bridge law and had sentence suspended till next term. Pomakali pleaded guilty to a charge of assault with a weapon and had sentence suspended for six months.

On the 17th Ah Moi of Kipahulu was found guilty of selling spirituous liquors without a license, sentence to be announced today. Kanakahi was acquitted of the same offense, and Ah Sin Yon's case, for illicit liquor selling at Kipahulu, was nolle prosequere.

On the 15th the grand jury reported no true bill in regard to David Keku-ea, charged with burglary, and Awe-okalani of Kanaio, charged with perjury before the Board of Registration.

### \* ST. PATRICK'S DAY.

The March evening of the Makawao Literary Society took place on St. Patrick's Day, at the residence of Mr. and Mrs. D. C. Lindsay of Paia. A large number of the district's people were in attendance, many of them adorned with green—the ladies ornamented with ribbons and the gentlemen sporting neckties in honor of the good priest.

The following program was excellently rendered:

Selection on the Piano. Irish Song—S. R. Woodie. Solo—H. W. Baldwin. Selection on Piano. Parce entitled "Tell Your Wife," with the following dramatic personnel: Miss Harrington—Mrs. Sheffield. Miss Ogden—Miss Steele. Miss Ellis—Miss Ethel Smith. Mrs. Joyce—Miss Cunningham. Morton Elwood—W. O. Alken. Dr. Joyce—D. T. Fleming. Mr. Pulsifer—Ed. Peck.

### NOTES.

The town clock of Wailuku situated on the steeple of the Hawaiian church is out of repair. The hat was passed round in the courtroom during the jury session last Tuesday and \$30 to be used on the clock was collected within a few minutes.

Chairman A. N. Kepolikal of the Republican district committee issued orders during the week for the various precinct clubs to hold meetings to consider which of the two county bills (Senator Achil's or the Cooper commission's) should be recommended to the legislature. Intelligent action in this matter is somewhat difficult owing to the fact that copies of neither bill are available for reference. As far as is known, Wailuku possesses only one copy of the commissioner's bill but none of Achil's. Outside districts have not even this advantage.

It is reported that the Hana store and club buildings are soon to be moved from their present sites to positions nearer the mill of the Hana plantation.

The Maui Lodge of Free Masons held a meeting in Castle hall, Wailuku, on Monday night and will hold another this evening for the purpose of conducting second degree work.

Tuesday evening a Japanese exhibited moving pictures of the present eastern war at Maunaloa Seminary. These exhibitions are given to raise funds to construct a Japanese church at Paia.

W. W. Hall, president of the Nahiku Rubber Co., has been visiting in Hama-kupoko, Makawao and Wailuku for 10 days past.

The Ladies' Reading Club met at Mrs. P. W. Hardy's, Makawao, Thursday afternoon. W. W. Jacobs was the author read.

The W. O. Alken is at "Idlewild" near Olinda.

Barkentine Amazon, now at Lahaina, cleared today for Portland and will probably sail next Monday.

On Monday the steamer Hawaiian left Kahului for Hilo, bearing away 24,200 bags of Maui sugar.

Weather—Cool and dry. The army worms are infesting pastures on the western slope of Haleakala.

### A JUVENILE FIND.

While Dr. Russell was superintending the clearing of land at his place in Olia last Tuesday his men came across the skeleton of a man lying in the timber. By the side of the bones was an umbrella and from this it is believed the remains are those of a Chinese or Japanese. The doctor gave it as his opinion that the skeleton had been there for at least ten years. Sheriff Searle went to the place yesterday where the skeleton was found for the purpose of making an investigation.—Hilo Herald.

## SENATORS STILL WORKING ON THE COUNTY BILL

The Senate yesterday waded through the county act, but did not pass more than the title on second reading because a number of doubtful sections in the bill have been referred to committees, and no reports have yet been forthcoming.

In the House the administration liquor bill was introduced, a measure that has been carefully drawn after consultation between the Governor and the various parties at interest, and a bill which has not been drawn in the interest of the liquor men—and the bills submitted by the dealers to the Governor, and rejected, naturally were for the most part.

"There was one bill submitted which did not bar minors," said Governor Carter yesterday, "and one which made it necessary to convict a dealer of two breaches of law before he could be punished."

The Governor has not yet signed the Sunday law. It was sent up to the executive department from the House yesterday, but in the press of business there did not reach the hands of the Governor. It is likely that a disposition of it will be made today.

## LEGISLATURE--TWENTY-EIGHTH DAY.

### THE SENATE.

The Senate yesterday finally waded through the County Act and passed the title on second reading. The measure itself was not passed because certain parts of it relating to assessors and the collection of taxes are still in the hands of the Dowsett special committee, the matter of whether salaries shall be paid or fixed by the legislature or by the various county boards of Supervisors is in the hands of the Judiciary Committee, and other minor points upon which the Senators had doubts are in the hands of the Hayselden Special Committee and the Judiciary Committee. The Dowsett committee will doubtless make a report on the matters referred to it today. When the other committees will be ready to report is not stated. When they are, the Senate will take the bill up again and dispose of it on second reading.

The Senate got to the order of the day very early in the session, passing on third reading Senate Bill 43, which provides for the commutation of the sentences of prisoners.

Senate Bill 41, giving the governor the right to set aside land for forest reserves, came up on second reading, with the reports of the majority and minority of the Public Lands Committee. It passed and will be read for the third time today.

Senate Bill 44 was next in order on second reading. That is the bill that permits outside physicians to treat lepers on application to the Board of Health. It was read, section by section, and Dickey offered an amendment providing that the patients so treated should remain in the custody of the Board of Health during treatment.

Dowsett spoke strongly in favor of deferring action upon the whole matter of leprosy, in view of the action of Congress looking toward a scientific study of the disease. This was a bad time to enter upon any new departure. It would look like a lack of confidence in Congress. Paris took the same view as Dowsett, on whose motion the bill was laid on the table.

Senate Bill 91, the prison parole bill, on second reading, was passed and will be read for the third time today.

House Bill 80, to prevent the use of the flag for advertising purposes, was read for the second time section by section, and passed. It will be read for the third time on Wednesday.

A letter from Maui Republicans and citizens accompanied a set of resolutions passed by the Sixth Precinct Republicans of Wailuku and the Wailuku Improvement Club asked for the passage of the County Act. Incidentally, the resolutions asked for a new court house at Wailuku, to cost \$50,000. The County Act resolution was placed on file, and the court house adjunct went to the Maui delegation.

### THE HOUSE.

Fathered by Holstein, one of the most important measures of the whole session, was the feature of yesterday's session of the House of Representatives. The bill was handed in, as usual, the rules were suspended, as usual, and, as usual, the bill passed its first reading on title with instructions that it go at once to the Printing Committee.

It was clear cut, expeditious legislation for there will be time enough to discuss the details of a measure so intimately connected with the life of the community.

There will be ample room for discussion, too, for the new Holstein bill, a bill which on cursory reading displays many faults and many excellences is comprised in no less than 37 typewritten pages—fifty nine sections in all.

In the ordinary course of work it would be impossible to give more than a brief summary of so long a measure but there are several major points in it which command attention.

Taking up the bill as it is presented the following matters are worth being noted: (WHAT IS SUNDAY?) "Sunday" is defined as being the time between 12 o'clock Saturday night to 6 o'clock the succeeding Monday morning.

The manufacture of intoxicating liquors other than wine for a term of 10 years, will require a license of \$1000 per annum.

For the manufacture of wine from grapes a license of \$5 a year will be required.

For selling of liquors in quantities of not less than five gallons in bulk will be \$500 and the same fee will be charged on retail licenses.

For selling liquor in sealed original

packages of less than five gallons (shop licenses) an annual license of \$100 will be imposed.

### AS TO LICENSES.

Then the new bill takes up the matter of licenses, seals, applications for licenses and such matters.

A special provision is made to prohibit the issuance of licenses of the fifth class, that for selling liquor in sealed original packages, within the following districts:

1. District of Kona, Oahu.
2. Within a circle having its center on the U. S. Postoffice, Hilo, and a radius of three miles.
3. Within a circle having its center on the U. S. Postoffice at Wailuku, Maui, and having a radius of two miles.
4. Within a circle having its center on the United States Postoffice at Lahaina, Island of Maui, and having a radius of four miles.

### FOR LICENSEES.

The qualifications for licensees run thus:

"No license shall be issued to any person less than twenty-one years of age; nor to a person whose license has been revoked; nor to a person who has been convicted of violating any of the provisions of this Act, or against whom a civil judgment has been rendered concerning the maintenance of the bill.

Conditions regarding forfeitures, revocation, refunds and transfers are reproduced at length, as are the provisions for enforcement of regulations. Under this Act: nor to a person conducting a house of ill-fame, or a gambling place of any kind, or a house or place reputed to be either; nor to a person who has twice been found guilty of drunkenness in any court or by any District Magistrate in this Territory; nor to any person who fails to furnish a bond satisfactory to the Treasurer of the Territory, as hereinafter provided; nor to any person who, in the opinion of the Treasurer or Governor, is for any reason other than those above specified, unfit to receive such license."

The form of licenses having been dealt with bonds are fixed at \$1000 for third and fourth class licenses, \$250 for fifth class licenses.

The old conditions for holding illicit sale is dealt with rigidly to protect licensees and adulteration of intoxicants if proven carries with it a penalty of not less than \$500 fine and a revocation of license.

Penalties for tampering with samples and misrepresenting age are provided. Then follows a remarkable clause:

"Any person who purchases intoxicating liquor from any unlicensed person, or from a licensee contrary to the conditions of his license or the provisions of the Act, shall on conviction thereof be fined not more than One Thousand Dollars (\$1,000.00)."

Penalties for different infringements of the law are provided and the old law regarding the interdiction of habitual drunkards is reimposed. An "habitual drunkard" is one who has been found guilty twice of being intoxicated and the law provides:

"It shall be the duty of every Judge and District Magistrate before whom a person is found guilty of being intoxicated, to immediately notify the Treasurer of the Territory in writing of the names and residences of the persons so found guilty, and it shall thereupon be the duty of said Treasurer to likewise notify all licensees."

### THE CLUB LICENSE.

Apart from the third reading of the bill to tax social clubs \$200 per annum the proceedings of the House were anything but exciting.

Hala introduced a resolution to instruct the Board of Health to increase the police station to lepers at the settlement from 11 to 25 pounds a week and the beef ration from 7 to 10 pounds.

Hala also had a resolution to increase the clothing allowance of lepers from \$10 to \$16 a year and to issue the same at the rate of \$4 per quarter.

The Health committee will deal with the matter.

Coelho introduced a resolution for improving the rail trail at Kalaupapa at the cost of \$5000 for the Kaunakakai road to the top of the pali \$2000 and for a jail at the settlement \$1500. The resolution went to the Committee on Public Lands.

Aylett also brought in a resolution to appropriate \$3000 to purchase Dr. Goto's medicine for use at the leper settlement.

Pulua had a resolution to enquire why the Land Commissioner had not opened the Kealahike and Honouliuli lands to the public.

Beautiful hair! Long, rich, heavy hair! Soft and silky hair! No roughness, no splitting at the ends! Have you such hair? If not, would you like it?

## Ayer's Hair Vigor Is a Hair Food.

It feeds the hair, makes the hair grow, keeps it soft and beautiful.

For sixty years Ayer's Hair Vigor has given perfect satisfaction to thousands of people in all parts of the world. Give it a fair trial and we are sure it will satisfy you.

If your hair is turning gray and you wish all the deep, rich color of earlier life restored to it, use Ayer's Hair Vigor.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

ROLLISTER DRUG CO., Agents.

The following petitions were presented:

For \$20,000 for a road from Kaloko road to Honolulu road. (Pulua.)

From employees of the Hawaiian Registry office asking the House to sanction the use of typewriting machines. (Andrade.)

For three more electric lights at Waikiki. (Lilikani.)

For bridge on School street, Hilo, and new right of way \$5000. (Smith.)

Pali introduced a bill to equip a volunteer fire department at Lahaina. Lewis introduced a bill to protect live stock and perishable produce from injury by rough usage by carriers.

A bill to regulate the trial of civil and criminal causes was introduced by Long.

A bill to define the plumbing district of Honolulu and to establish plumbing regulations was brought in by Kalawala.

### GOOD FOR GEES.

The bill to provide a close season for the Hawaiian wild goose passed third reading. Broad, for some unknown reason, voting against it all by himself.

Long introduced a bill to regulate the conduct of civil and criminal causes.

Andrade's bill relating to attachments, a long measure intended to change the present attachment law in several details, was up for third reading. Action was deferred.

### JUDICIARY COMMITTEE.

The Judiciary Committee reported on the following bills:

Senate Bill 57 (Paris). To amend Section 412 of the Revised Laws. Recommended.

Senate Bill 76 (McCandless). To amend Section 2210 of the Revised Laws. Recommended passed with an amendment to provide that there shall be no division of responsibility between the Board of Education and the Treasurer.

Senate Bill 7 (Achil). To facilitate the work of the Court of Land Registration. Recommended.

House Bill 131 (Long). To facilitate the collection of Rents. Recommended.

Senate Bill 9 (Dickey). To regulate the introduction of the liquor bill the trial and probation of juvenile delinquents. Recommended.

House Bill 65 (Aylett). To provide for the redemption of property sold under mortgage. Recommended tabled.

House Bill 129 (Andrade). To protect vested fishing rights. Recommended.

House Bill 132 (Smith). Relating to Fines and Costs in Criminal Cases. Recommended.

House Bill 134 (Cor). Relating to adoption of children. Recommended tabled as unnecessary.

House Bill 95 (Lewis). To amend the penal law relating to lights. Recommended.

House Bill 126 (Harris). To amend the Revised Laws relating to appointment of a Registrar of Public Accounts. Recommended.

House Bill 100 (Sheldon). To amend Section 1162 of the Revised Laws. Recommended tabled.

House Bill 151 (Pulua). To amend the laws relating to annulment, divorce and separation. Recommended.

House Bill 137 (Kanoho). Relating to right of power. Recommended deferred.

House Bill 99 (Sheldon). Relating to government officers practicing law during their terms of office. Recommended with minor amendments.

Senate Bill 58 (Achil). To provide for the publication of the decisions of the U. S. District Court of Hawaii and House Bill 114 (Cox) bearing same title. Recommended that the House Bill be tabled.

Senate Bill 29 (Hewitt) and House Bill 70 (Waterhouse). To protect owners of bottles, boxes, etc. Recommended H. B. 70 tabled.

Senate Bill 24 was read a third time and further consideration.

The House adjourned at 5:50.

### A GOOD FAMILY LINIMENT.

Every family should be supplied with a bottle of Chamberlain's Pain Balm. For cuts, bruises, burns, scalds or similar injuries, which are of almost daily occurrence, there is nothing so good. It cools and soothes the wound and not only gives instant relief but brings about a speedy and permanent cure. For sale by all dealers and druggists. Benson, Smith & Co., Ltd., Agents for Hawaii.

## WEEKLY CROP BULLETIN.

For the Week Ending March 18, 1905.

Honolulu, T. H., March 20, 1905.

### GENERAL SUMMARY.

The past week showed a slight rise in temperature, the days being noticeably warmer, though the nights generally remained quite cool. Light rains fell over the windward sections of the entire Group, and in portions of the Kau and Puna districts of Hawaii, but the amounts were too small to restore crops to their normal condition. Streams are still very low, and pumping has again been resumed in some localities, while in the Hilo district of Hawaii the fluming of cane is being seriously delayed.

Pastures, generally, are short, owing to the dry and cool weather, and need rain badly. In North Kona, Hawaii, the situation is so serious that it has been found necessary to resort to the cutting of trees and cacti to furnish feed for the suffering cattle.

In the Hilo district of Hawaii, the dry weather is beginning to affect the 1906 crop of cane; in most other sections growing cane is doing very well. In Maui, pineapple plants are reported in good condition, but in Oahu they are somewhat yellow owing to the dry and cold weather, though fruit crowns promise a good summer crop. Sisal is in fair condition, and rice is growing well. The weather of the week has been favorable for all field operations.

The forest fire in South Kona, Hawaii, after spreading southward over the land section of Kipahoe to that of Alike, has been surrounded by fire lines and is now under control, although a number of places within the lines are still smoldering. A forest fire is also in progress in Wahiawa district, Oahu.

### REMARKS BY CORRESPONDENTS.

#### ISLAND OF HAWAII.

Kaunawa—Weather continues dry, and streams are so low that we can have only small quantities of cane; young cane at a standstill; pastures dry and grazing stock suffering; stripping and harvesting cane.—J. E. Gamalison.

Hilo—Dry weather continues, so the streams are low again; crops generally are at a standstill; it clouds up every afternoon, threatening rain, but clears off again in the evening.—L. C. Lyman.

Papaikou—Weather very dry; crops suffering; we have considerable trouble keeping mil. supplied with cane; cutting, fluming, grinding, plowing and planting; strong gale on 10th.—John T. Moit.

Popekoe—Still dry; water getting low for fluming; drought telling on 1906 crop; cutting cane, grinding, plowing and planting.—James Webster.

Honolulu—Weather dry during week, with cold nights; cane shows very little growth; water for fluming purposes is again very low; harvesting, plowing and planting.—Wm. Pullar.

Hakalau—No rain, and streams getting low; northerly winds and cold nights; strong gale from the northwest on night of 10th.—Geo. Ross.

Laupahoehoe—Weather unsettled, with occasional showers; 45 inch of rain during week; northerly winds, and cold nights; water getting low.—E. W. Barnard.

Ookala—Weather fine during week, with light westerly winds; light rain on 13th.—W. G. Walker.

Paauhau—Variable winds throughout the week; light showers, with moderately warm weather; young cane growing well.—H. Glass.

Honokaa—Strong Kona wind on afternoon of 10th accompanied by light rain; warm sunshine latter part of week; plowing, hoeing, harvesting.—C. H. Bragg.

Niuli—Weather dry, and slight growth of cane during the week; more rain and warmth needed; light variable south winds; reaping, clearing, plowing, hoeing and fertilizing rats.—Robt. Hall.

Kohala Mission—Dry weather, with light changeable winds; crops and pastures are in need of rain.—Dr. B. D. Bond.

Punake Ranch—Variable winds and dry weather retarding growth; more rain needed.—A. Mason.

Puuhe—Warm days, with very cold nights and mornings; winds changeable; light shower on 13th.—S. P. Woods.

Kamuela—Fine days, but cool nights, with a minimum temperature of 47 degrees on 15th; more rain needed.—Mrs. E. W. Hay.

Puuwaawaa—Days warm, nights cold; rain badly needed, and cattle suffering; cutting trees and prickly pear for feed and water for stock.—Robt. Hind.

Kealahou—Very dry weather, with cool nights and high temperatures during days; strong, cold north-west wind on 9th, 10th and 13th.—Rev. S. H. Davis.

Kealahou—No rain during week; nights cold and days warm; fine blossom on coffee.—Robert Wallace.

Napoopoo—Very dry weather this week; shifting winds; nights are cool, and weather generally unpleasant and unfavorable for plant growth.—G. P. Kamao.

Kau—Cloudy weather, with light southeasterly winds and occasional light showers; only .07 inch of rain during week.—F. H. Hayselden.

Pahala—Light showers during the week have had a good effect on crops, but it has been too cold to allow of much growth.—H. D. Harrison.

Kapoho—The weather continues dry, with strong winds; rain badly needed; warm days and cold nights.—H. J. Lyman.

Olas—No rain during week, and water supply running short again harvesting Puna cane; no planting being done—too dry.—E. P. McCann.

#### ISLAND OF MAUI.

Kipahulu—Weather still very dry, although light rain fell on the 16th; weeding and plowing.—Andrew Gross.

Nahiku—Light rains on two days of week, and weather generally favorable for crops of all kinds; cattle are in good condition in this section; high wind on night of 10th.—C. O. Jacobs.

Huala—A dry week; very light winds, and cool nights; vegetation developing slowly; Ohia apple trees just starting to grow (spring growth); stock looking well; water in all streams low, and rain badly needed.—W. F. Pogue.

Haiku—Nights unusually cold for this season of the year; but calm and

sunny days have been of decided advantage to our crops of pineapples and sisal; the sugar plantation water ditches are getting low again; pastures and grazing stock doing well.—D. D. Baldwin.

Makawao—Weather clear and dry, with warm days and cool nights; winds light and variable; crops are needing rain, and planting has come to a standstill as the soil is too dry; pastures are very short, and stock is in poor condition.—E. H. Bailey.

Lahului—Bright, sunny days and cool nights; light variable winds; light shower on 13th.—R. W. Filler.

Puunene—Weather during week mainly very dry, though a small sprinkle of rain occurred on the 12th; all pumps working full time; harvesting proceeding rapidly, young cane for 1906 crop picking up after the cold weather and looking well; mornings are still cool, but days are noticeably warmer.—J. N. S. Williams.

Wailuku—We are having extraordinarily dry weather for winter months; streams are very low, and have not sufficient water for growing crops; very warm during the day; preparing land for planting.—C. B. Wells.

Wailuku—Ready weather, hot days and cool nights; vegetation doing well and rice growing nicely; but there is very little water in the streams and rain is needed badly.—Bro. Frank.

Kihikihi—Another cool snap during week, causing a cessation of cane growth; weather still very dry, with warmer days and no prospect of rain; pumping, steam plowing and harvesting.—James Scott.

Olouahu—Weather warm with cool, clear nights; water very low in streams; grinding cane.—George Gibb.

Kaanapali—Weather still dry, and no present indications of rain; growing cane looking fairly well, but pastures getting very dry.—Wm. Robt.

#### ISLAND OF OAHU.

Waimanalo—Very dry; much in need of rain.—A. Irvine.

Maunaloa—Weather still very dry; coffee trees in full blossom, but need rain; pastures poor.—John Herd.

Manoa—Hot days and cool nights; springs and mountain streams are getting low; pastures, taro and pineapple plants would be greatly benefited by rain.—F. N. Parker.
